■ THE websites of **RYANAIR** and **MONARCH** are bottom of the pile for ease of use, according to a new study by Webcredible. Their annual Flights Online Report scored the companies' sites among the worst, which could be pushing away travellers and putting people off online check-in. British Airways, Expedia and Virgin Atlantic were top.

Trenton Moss, of Webcredible, said: "The online market is highly competitive, with many companies offering the same flights and packages at similar prices, and if customers find one site difficult to use, they will often seek out a competitor."
